Compliant with the data sheets

CNB/P/11.060
CNB/P/11.074
CNB/P/11.075

Compliant with the data sheets

CNB/P/11.062

stopfor™ range

Tractel® fall protection PPE is intended for work at height with the risk of falling vertically, as well as for work at height on a horizontal plane with risks of falling on a sharp edge (roof terrace use).

Therefore, our ranges blocfor™*, stopfor™* and lanyards* are certified according to the data sheets:

CNB/P/11.060 (for the blocfor™ range)
CNB/P/11.074 (for the lanyards range)
CNB/P/11.075 (for the stopfor™ range)

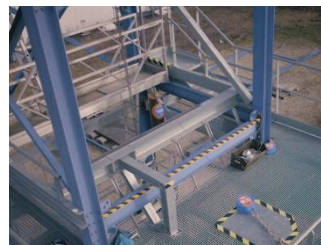

Tractel® products are tested to stop the fall of a person, including safety equipment and tools, weighing up to 150 kg,

blocfor™ range

Lanyards range

Product testing on sharp edges.
